Please let me know when this is good to go. Folks are working on the question of why things are tracked in this manner.
Thanks!

Shawn: this is the latest version of the cost documentation - I think Randy is getting this up to Lisa and Mathy.

Dana, I made some revisions to the document. And I need some text inserted in the Removal Action section. Please let me know if any of the revisions are problematic. I am trying to avoid a document that does not raise more questions than it answers. Thank you!
